The grim and sober notion of a monochromatic Puritan world is quickly put to rest by colonial scholar John C. Miller in his fine volume, *The First Frontier: Life in Colonial America*. Contrary to the stern stereotypical image of a thousand Thanksgiving pageants and grade school centerpieces, Dr. Miller creates an anecdotal quilt that captures a diverse frontier world that edged the rocky shore of the cold Atlantic.

The First Frontier traces two and a half centuries of history through poignant, mostly unheralded personal stories—like that of a Harvard-educated Indian caught up in seventeenth-century civil warfare, a mixed-blood interpreter trying to straddle his white and Native heritage, and a Puritan woman wielding a scalping knife whose bloody deeds still resonate uneasily today. It is the first book in years to paint a

The former frontier was an articulation of a hierarchical plantation society, Anglo-Virginia culture, tobacco production, and African American slavery, while the latter was set apart by its more egalitarian social composition, ethnic diversity, religious pluralism, and small-farm, mixed grain–livestock economy that was dependent on neither tobacco nor slavery. These traits also identified the Virginia backcountry as an element of the much larger British colonial backcountry, which ...

The British at first handled slaves in New York on the same relatively humane terms the Dutch had set. The population already was racially mixed, and slavery in New York at first was passed down not exactly by race, but by matri-lineal inheritance: the child of a male slave and a free woman was free, the child of a female slave and a free man ...
