How brands grow is a book largely about fundamental marketing principles: brand growth, how advertising works, price promotions and loyalty programs. It's a myth-busting classic, filled with scientific discovery so it feels different from the more traditional business textbooks.

How Brands Grow: What Marketers Don't Know Audible ...

Brands grow because they have more mental and physical availability. Sharp spends a lot of time reminding you that people are cognitive misers, and we should view buying behavior through that lens. □Traditional□ marketing places a lot of weight on positioning, segmentation, and messaging □ which Sharp thinks are overrated.

How Brands Grow: A Short Summary - The Marketing Student

This year marks the 10th anniversary of How Brands Grow: what marketers don't know with over 100,000 copies sold. On release, it sparked controversy and curiosity from marketers worldwide. How Brands Grow is based on decades of research that has progressively uncovered scientific laws about buying and brand performance. This book is the first to present these laws in context, and explore their meaning and marketing applications.

How Brands Grow | Ehrenberg-Bass Institute for Marketing ...

Brands primarily grow by increasing its number of users □ Ehrenberg studied the success of 157 brands and found the factor most closely linked to their growth of decline was increase (or decrease) in its user base. The IPA advertising effectiveness awards found in 82% of the 880 papers entered reported growth from penetration (and just 2% from loyalty).

How Brands Grow □ What marketers don't know by Byron Sharp ...

Authored by Byron Sharp and his colleagues at the Ehrenberg-Bass Institute, University of South Australia, and building on the seminal marketing research by Ehrenberg and Goodhart, How Brands Grow is a manifesto for evidence-based marketing, building brands based on what works in scientific practice rather than what should work in marketing theory.

How Brands Grow [Speed Summary] - Brand Genetics

MARKET TO THE MASSES How Brands Grow demonstrates that successful growth brands (ones with the highest market share) are the ones with universal appeal and the biggest customer base. This suggests that it makes more sense to advertise to everyone in the market for a product you sell rather than limiting your communications to a small, segmented audience.
