~~Indonesia's best-known national park comprises several islands and some of the country's richest waters within its 1817 sq km. Expect hulking mountainous islands blanketed in savannah, laced with trails and patrolled by the world's largest lizard - the Komodo dragon. That's the big draw here, and it's easy to spot them, but there's also big nature beneath the water's surface where ...~~

The heart of the city - because of the open space, some would call it the lungs - Merdeka Square is where locals stroll and unwind, ascend the huge monument, have an authentic meal, observe a herd of deer or otherwise escape the teeming streets of the city. Surrounded by government buildings and displays of power, it can be hard to find the entrance to this gated square kilometre of open ...

Per usual, lonely planet helped us find incredible places in off the beaten path areas where there were not many tourists. If you are going to Indonesia, I highly recommend allowing this book to guide you!

*Amazon.com: Customer reviews: Lonely Planet Indonesia ...*  
People seem unimpressed by the lonely planet books for indonesia. Or for all indonesian guide books really. My sense is that this is largely due to over-reliance on them. Particularly in a country with almost 300 million people, 15,000 plus islands, and a lot of territory which has only recently been explored for the first time (in Papua), I'm ...
