White hat SEO is additionally called 'Ethical SEO'. White hat SEO refers to SEO tactics that aim to make a quality website over the long period by focusing on the websites audience. White hat SEO techniques embrace making unique, high-quality web site content and providing links to different relevant content on the site page.

SEO Tutorials Point

The general consensus among SEO experts is that metatags are dead. Even so, many of these same experts continue to use metatags in their own sites. For Google, adding the description meta tag does not result in a boost in the Search Engine Results Pages (SERPs), but the description might be used for the description for your SERP listings in Google.
